8610482429 — shreemathik005@gmail.com — <https://www.linkedin.com/in/shree-mathi-k-3456kk/>

## SUMMARY

Computer science student with strong problem-solving, software development skills and hands-on web development experience as a Web Developer Intern at the Tamil Nadu Government Cyber Crime Wing. Seeking to contribute technical expertise and an ownership-driven approach to building reliable and practical solutions.

## PROJECTS

**Website-Integrated RAG Chatbot** | *Python, FastAPI, ChromaDB, Groq API* 2026

- Developed a replica of my college website with RAG chatbot that answers academic, examination, and admissions queries from official institutional documents using vector search, and LLM.

**Prompt Security Tool** | *React, Node.js, Express.js, PostgreSQL* 2026

- Developed a web app that detects sensitive information (phone numbers, API keys) using pattern matching and security rules and mask detected data before using it as prompt in AI chatbots.

**GitHub Repository Analyzer WebApp** | *React, NodeJS, ExpressJS, Gemini API, GitHub API, Vercel* 2025

- Developed an AI-powered web app that analyzes GitHub repositories and generates repository structure visualization, folders and files explanation, technology stack and project summary to help developers understand unfamiliar codebases faster.

## SKILLS

|                         |                                                                       |
|-------------------------|-----------------------------------------------------------------------|
| <b>AI-skillset</b>      | : RAG, Fine-tuning, Agent harness, AI Agents, Agent-based development |
| <b>Languages</b>        | : Java, Python                                                        |
| <b>Web Technologies</b> | : HTML, CSS, Javascript, ReactJs                                      |
| <b>Backend</b>          | : Spring Boot, Nodejs, FastAPI                                        |
| <b>Databases</b>        | : MySQL, PostgreSQL                                                   |
| <b>Tools</b>            | : Git, Github, Postman, Ollama, GenSpark AI, Dify                     |

## EXPERIENCE

**Web Developer Intern** June - July 2025

*Tamil Nadu Government Cyber Crime Wing – Chennai*

- Developed a role-based Daily Situation Report (DSR) web app for managing cybercrime reports across multiple police stations using ReactJS, Postgres, Supabase, OAuth authentication and RESTful APIs.

**Cyber Security Intern** June 2025

*Hackup Technologies – Coimbatore*

- Learned the fundamentals of web application security testing and vulnerability assessments using Nmap, Wireshark and BurpSuite.

## CERTIFICATIONS

|                                 |                     |                  |
|---------------------------------|---------------------|------------------|
| <b>Artificial intelligence</b>  | : Elewayte          | April - May 2024 |
| <b>HTML Essential Training</b>  | : LinkedIn Learning | May 2026         |
| <b>Learning Git and Github</b>  | : LinkedIn Learning | June 2026        |
| <b>MySQL Essential Training</b> | : LinkedIn Learning | June 2026        |

## ACHIEVEMENTS

- First prize** in intra-department “**Capture The Flag**” Competition - Oct 2025
- Got **shortlisted** as a **finalist** in “**Unisys UIP Project Ideathon**” - 2026
- Rank holder** in my class with a cgpa of **8.71**

## EDUCATION

**BE Computer Science and Engineering ( Cyber Security )** | cgpa: 8.71 2023 - 2027

*Dr.NGP Institute of Technology, Coimbatore*

**Higher Secondary Education** | percentage: 82.5 % 2022 - 2023

*Lourde Matha Convent Matric.Hr. Secondary School, Tiruppur*
